

Public safety agencies planning to participate in the memorial procession and service for fallen Rainier Police Chief Ralph Painter and who are looking for advance information for scheduling purposes will be able to find that information here on our website once those plans have been finalized.

The direct contact for information about memorial service logistics is the City of Rainier, Oregon, and their mayor, Jerry Cole. The city is working with an incident management team to assist them with logistics for the procession and memorial service. The Sheriff's Office is overseeing the criminal investigation and issues associated with it, and we have made ourselves available to the City of Rainier to assist them with any need that they might have in their planning process.

The Sheriff's Office has received information that the City of Rainier is planning on providing a link on the city's website that will include the latest information on the memorial service for Chief Painter
