

If you have lost a pet dog, please email us at animal.control@co.columbia.or.us . Provide as much information as you can to help us in our search, and we will do our best to help reunite you with your pet.

We advise owners of lost dogs to physically come to the shelter to check for your lost dog. In many cases descriptions of dogs might not match the description given by the shelter staff. Calling without physically checking the shelter will not protect your right to claim a lost animal. Most dogs are placed for adoption after three days at the shelter and at that time become the legal property of the adopter.

Here is some useful information you should try and include:

- Your Name and address
- Your email address
- Your home, work and/or cell phone numbers
- Name of pet
- Photo of your missing pet
- Type and breed of pet

Dog Control - Report a Lost Animal

Last Updated Thursday, 15 September 2016 09:03

- Any colors, or distinguishing marks
- Approximate size and weight
- Collar type, was it wearing identifying tags, is it micro-chipped
- The date the dog was lost, and the location if not in your home neighborhood
- Any other helpful information
